

“Ross helps me
serve my recipes
to the world.”

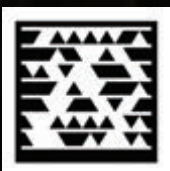

“I’m a chef at heart, not a manufacturer. I believe that all food should start with fresh, local ingredients and deliver *awesome* flavor!

“That’s why our Cheese Tortas are such a success. We start with premium cheeses, fresh butter and herbs. And thanks to Ross, we can now produce them fast enough to satisfy customers everywhere – through retailers like Whole Foods, Costco, Neiman Marcus, Harry and David, Safeway and Balducci’s.”

Looking for a new mixing strategy to boost production and improve product quality?
